Job Description

Job title	Healthcare Assistant	Job family	Healthcare
Reporting to	Healthcare Team Leader	Job code	HC/001
Location		Evaluation Date	TBA

Main Purpose

Supports and assists qualified staff in the assessment, planning and implementation of patient care. Delivering care to the patient as prescribed by the individual care plans.

Key Accountabilities

Quality

- 1. Assists qualified staff with the assessment and implementation of individual patient care plans undertaking routine tasks and activities as directed to facilitate the well being, dignity and treatment of all patients.
- **2.** Provides practical support and responsive care to patients who require assistance with intimate personal needs such as dressing, bathing and toileting activities ensuring that such activities comply with procedures and the relevant healthcare legislation.
- **3.** Observes and monitors the well being of patients ensuring that any unusual physical, mental or emotional occurrences are promptly referred to senior staff/the primary nurse and documented as appropriate.
- **4.** Develops and maintains a good professional relationship with patients, colleagues and visitors responding promptly and courteously to requests and enquiries.

Innovation

5. Adopts new services that are already used within the group.

Value

6. Ensure service users are gaining a quality service that is value for their money.

Knowledge & Skills

Educated to a minimum NVQ 1 or O-Level/GCSE Grade D-G.

Experience

No experience is required as basic training will be provided.

Autonomy & Impact

The majority of duties are routine and covered by local procedures and policy.

Intelligent Problem Solving

There is a limited degree of flexibility in altering the sequence of routine tasks. However, the role holder is encouraged to contribute ideas and suggestions, which lead to improvements in healthcare processes or therapeutic activities and events.

Responsibility

Staff

Provides advice and guidance to new starters and agency staff undertaking similar tasks, liaising with the multidisciplinary team.

Budgets & equipment

Collective responsibility for the care and appropriate use of resources on the ward.

Informatics

Responsibility for the accuracy of personal recordings in patients records and maintaining confidentiality.

Communication & Interaction

The nature of the role necessitates frequent interaction with staff, patients and visitors on the ward involving the regular exchange of routine information in person and over the telephone. Well developed observational and listening skills are essential for monitoring the mental, emotional and physical well being of patients.

Working environment

The problems faced by patients may present difficult and challenging situations, which may heighten the physical, sensory and emotional demands of the role.

Special Features

The role holder is required to participate in the Priory's learning and development programme and to work towards acquiring an appropriate NVQ qualification.
